

## Letter of recommendation

To whom it may concern:

This is to certify that the company ELECTRO-SERVICE RB SRL, Bucharest, Romania has performed mechanical installation of main equipment Module 1, 1200 MW Burullus CCPP Egypt, consisting of the following:

- 2 x 400 MW Gas Turbine SGT5-8000H Siemens and Generators
- 1 x 400 MW Steam Turbine SST5-5000 Siemens and Generator
- Condenser SCON 2000
- Auxiliaries (Exhaust Gas, Excitation, Lube oil Module, Valves, Skids, Enclosures, etc)
- All pumps (FWP, CEP, CPP, VP, SWBP, CCWP, CRP, SGDP)

The provided assembly works were complex, on a high technical level and were carried out and supervised by high qualified personnel. All the accomplished works were performed in time and fulfilled the quality standards.

We recommend ELECTRO-SERVICE RB as a professional and trustworthy collaborator for any company with whom they will relate, and we appreciate its quality services and the flexibility of the solutions offered, which differentiates it in a favorable way from its competitors.

Director General,  
Cristian Secosan
