REFERENCE LETTER

We confirm hereby, that company **S.C. ELECTRO-SERVICE RB S.R.L.** based in Bucharest, Turnu Magurele Street, Nr. 15, Sector 4, Romania, mounted and assembled 30 hydro units with Crossflow turbines, these designed and delivered to Romania by the company CINK Hydro-Energy k.s.

The provided assembly works were complex, on a high technical level and were carried out and supervised by qualified personnel. The repair works were done in high quality, in time and fulfilled all claims and standards of quality.

Regarding the participation of the company S.C. ELECTRO SERVICE RB S.R.L. in the procedure for the awarding of the contract, based on cooperation and implementation of contracts for the installation of small hydro power stations, we confirm following:

the above mentioned company participated with us on the following projects:

Assembly of the hydro units at SHPP Brodina 1, SHPP Ehreste, SHPP Brodina de Jos, contract Nr. 188/189/190/MVE/RO/0208

The carried out works, in terms of quality, were : **very good**

During the works, following non-compliances, leading to partial or total repair, were mentioned: **none**

A case of technical accident, caused by contract, came up - mainly by not following the technical standards and relevant legislation related to the quality: **none**

Postponing of the acceptance due to non-quality parameters:
After completion of the work and/or final acceptance: **none**

Rejection of the acceptance due to non-quality parameters:
After completion of the work and/or final acceptance: **none**

Other specifications: The works were done in time and fulfill the quality requirements of the customer based in the contract.

Based on the above facts, we recommend investors to use the services of the S.C. ELECTROSERVICE RB S.R.L. company for the assembly of the hydro units of small hydro power plants equipped with turbines of the company CINK Hydro-Energy k.s.

This document has the character of a reference letter and was issued on the basis of data registered in our company.

With best regards

Ing. Richard Houška
Business Director
