

## LETTER OF RECOMMENDATION

We, SC GENERAL TURBO SA Bucharest, confirm herewith that the personnel of ELECTRO-SERVICE RB Bucharest have performed under the supervision of our company, within the period 2000 – 2014, the works of construction and installation of 4 units of 330 MW each at Rovinari Thermo Power Plant.

Such works were particularly complex and ELECTRO-SERVICE high-skilled staff have fully proved their professionalism, efficiency and seriousness during all this period.

The works have had a quite high level of difficulty, from the dismantling of the equipment and the steel based plates from the foundation, their refurbishment/repair/replacement/both on site and in our factory, till installing the equipment at Rovinari.

All the works have been fulfilled in time or before and have fully met all the Beneficiary's requirements and standards, without any claim.

Therefore we recommend ELECTRO-SERVICE RB for any works of installing, repair, rehabilitation and overhauling of any power equipment at any power plant.
